**Paris**

"Paris is not a city; it's a world. To know Paris is to know a great deal. If you are lucky enough to have lived in Paris as a young man, then wherever you go for the rest of your life it stays with you, for Paris is a moveable feast. When good Americans die, they go to Paris".

**India**

"There are some parts of the world that, once visited, get into your heart and won't go. For me, India is such a place.... Indian food is like classical music raga—it takes time to build up to a crescendo." — Shobhaa De.

**London**

"In London, everyone is different, and that means anyone can fit in. ... When a man is tired of London, he is tired of life; for there is in London all that life can afford.... There's nowhere else like London. ... The man who can dominate a London dinner-table can dominate the world."
